> material alleviation. and likely to be effective. Notwithstanding the disadvantages success certain in my opinion. Many months have passed under which he labored in dealing with a disease of such long since Dr. Von Eisenberg restored my hearing, and it continues standing, aggravated by nervous debility and dyspepsia, and as good as ever. enstantly induced by the accidents of my professional labor I found the treatment reaching the disease as it had never been resched before, and producing such a modification and alleviation of its character as I had supposed impossible. I chronicle the result thus:

Although I have been situated several times so that I should ermerly have believed a severe attack of my catarrh inevittreatment may have cost me.

I make this statement unsollcited, as a means of acknowledging my obligations to Dr. Lighthill's method of treating catarrb, and with a view to aid any who may have suffered from that disease in forming a just opinion of its merits, and

its probable utility in their own case. FREDERICK S. JEWELL. Albany, N. Y., March 14, 1864.

REMARKABLE CURE OF DEAFNESS.

From the Rev. Joseph M. Clarke, Rector of St. James's Church.

STRACUSE, Feb. 20, 1064. hearing was entirely restored, so that now I hear alike with ease and comfort than before. JOSEPH M. CDARKE.

From the Rev. John Nott, D. D., Professor in Union College, Scheountady.

Since I first publicly schnowledged the great benefits which to my hearing, letters of inquiry have incessarily poured upon to Dr. Von Eisenberg to acknowledge that I am entirely cured; the particulars of my case, and I am indeed surprised at the number of individuals who are affected similar to the manner n which I have been, and therefore feel it more and more a sacred duty which I owe to these sufferers, to direct them to s proper and reliable source to obtain the benefit they so much are, in my opinion, certain. ovet, and which so many afflicted ones have hitherto sought n valu, just as I had done previous to applying to Dr. Light

I had from infancy one very deaf ear, which always discharged more or less offensive matter, and was the source of he greatest annoyance and discomfort to me. Last year the ther ear also became diseased, and both ears discharged a yelow matter, very profuse and highly offensive. My hearing became very much impaired, and the discharge produced the greatest debility of body and depression of spirits. I applied to my family physician and other practitioners, without derivng any benefit, and almost despaired of being restored to health, when providentially I applied to Dr. Lighthill. Under his treatment my ears began to improve at once, and continued to do so untill, in a comparatively short time, both ears were healed, the discharge removed, and my hearing restored. At CHRONIC CATARRH, with a dull heaviness in the head. stoppage of a discharge of so long standing neight prove detri- soreness of the throat, the chills stealing over me with occanterialn in regard to the removal of discharge from the ear. My experience, however, has proved conclusively that my ap-prebasions were entirely groundless in both respects, for both ears are as well, and my hearing as good at present, as the day I left off treatment, and the stoppage of discharge, instead of proving detrimental to my health, has given the highest elasticity and vigor to my body, and a flow of spirits not experineed for a long time previous.

I wish that the above might serve as a general answer to the nterested, but should one or the other desire to apply to ersonally, or by letter, I will cheerfully satisfy reasonable de-I avail myself of this opportunity of again publicly express-

ing my deeply felt gratitude to Dr. Lighthill, whom I esteem Von Eisenberg, with a certainty of being cured. References to parties of the highest respectability residing in the city, who have been cured of Deafness, Catarrh, &c.

ZENS OF NEW-YORK. DEAFNESS AND CATARRH CURED.

No. 410 6th-av., New-York, Dec. 3, 1863. preparations, together with internal remedies, such as altera-tives, cathartics and emetics. These have produced no change seif under his care, and I am now happy to state that my hear-remembered that the best and only cure of consumption is its performed by Dr. Von Eisenberg, I was induced to place my in the occurrence or character of the disease, and, in most ling was entirely restored after a short treatment. I was also prevention. cases, with little or no temporary relief. I had come, at length, suffering from chronic catarrh, of which I was also cured by to believe the disease to be practically beyond either cure or the skillful treatment of Dr. Von Eisenberg. I do but justice be the absurd idea among some persons that Catarrh, if to the Doctor by stating that in treating me he displayed that checked, will go to the lungs. Under these circumstances, I was led, some five months ago, skill and knowledge which have already procured for him such to make a trial of Dr. Lighthill's treatment. His method at a deserved reputation, and that the principles which direct his health was not better after being cured of Catarrh, the treatone approved itself to my judgment as simple, philosophical, system of curing Deafness and Catarth are such as to render

O. HOPKINS.

READ NEW TESTIMONY OF CATABRH CURED. I have been suffering for a long time from a severe Catarri with a centinual deliness in my head, a tightness across my very painful. My nostrils were constantly obstructed with a pouring fluid. I had frequent sneezing, hourseness of my voice, often attended with a fullness of my throat, great sore stack have been very light, and have yielded to the remedies ness, and a continual dropping. Dr. Von Eisenberg has cored employed by Dr. Lighthill, without the need of recourse to me of all these disagreeable sufferings. I may, indeed, say that the old hot fermentations, or emetics, and the discharges from I feel a new life. The treatment of Dr. Von Eisenberg is a the head have resumed the original and natural conditions skillful as it is successful. It is, in my opinion, impossible to That I have been able to obtain so material a relief is to me a overrate the benent 1 have received at his bands. I heartly cause of gratitude. In that alone I am repaid for whatever the recommend any one suffering like myself to place the asselves under Dr. Von Eisenberg's care, with a certainty of being

> speedily cured. Barnum's Museum.

W. S. HUTCHINS.

New-York, Jun. 21 HARLEM, July 30, 1903. I have been deaf for over twenty-five years, and Dr. Von Eisenberg has operated on both my ears without the slightest pain. I did not believe such a thing could be done. I now hear well and feel my head clear, which I did not for the last. The discharge from the head and throat was incessant, for hear well and feel my head clear, which I did not for the last twenty years. The dexterity and skill with which the opera-tion was performed evinces the highest practical ability. hear perfectly. It is now over a month since the operation, the enjoyment of excellent health.

and I continue to feel as well as ever. WILLIAM LIDDLE Harlem, 126th-s etween 7d and 3d-avs.

No. 134 ALLEN-ST., NEW-YORK, Feb. 9, 1863. There been completely deaf in one ear, and partially so in the other, for above seventeen years, with a disagreeble disclarge from both ears, combined with centinual rumbling noise in the head, for which I have been treated by a most minent practitioner in the city without the slightest relief.

I consulted Dr. Von Eisenberg, but I must candidly say the I had no faith in his success when I did so. It is therefore due an opportunity of comparing his mode of treatment with that fited. It can always be checked, and prevented from growing of others, I can truly state that it is not only superior, but the principles which direct his mode of restoring the hearing JOHN TAYLOR.

NEW-YORK, July 19, 1862. This certifies that my mother has been for some time afflicted with partial deafness, suffering from pain, and run bling noises in the head, together with other indications of total less of hearing. Dr. Von Eisenberg removed from her cars a great quantity of matter, together with coagulated blood, relieving her instantaneously, and all without pain. It is with grateful thanks that I give this testimony to his skill. CARROLD J. POST, No. 28 South-t.

CHRONIC CATARRH CURED.

READ.

NEW-YORK, March 20, 1863. This is to certify, that I have suffered from very severe first I feared the cure would not be permanent, or that the felt my nose completely stopped up, accompanied by continual sental to my general health, a fear which I find a great many sional hotflushes, a great tightness of the chest, and pain, so much so that every one thought it was consumption. Having heard of the great cores performed by Dr. Von Eisenberg, I consulted him, with but little hope of a cure. I am now happy to be enabled to add my testimonial to the great number already in the Doctor's possession, as to his scientific and successful mode of treatment, as he has shown in my case that skill and knowledge which have procured for him so great reputation. I am so entirely restored to perfect health that I do most sincerely recommend all sufferers from CHRONIC CATARRH and SORE THROAT to apply at once to Dr.

NEW-YORK DEAFNESS, CATARRH, DISEASES OF THE

EYE, EAR, AND THROAT. CROSS-EYES STRAIGHTENED WITH BUT LITTLE PAIN, IN A FEW MINUTES.

HOURS 10 A. M. TO 3 P. M. SYMPTOMS OF CATARRIL.

[Extract from Dr. Rowe's Treatise on Catarrh,] oduces a feeling of uneasiness, heat, and stiffness of the estrils, which are often closed on one or both sides, caused by deposit. As these Bonds are checked then, the discharge soon becomes purulent, of a green-ish yellow color, sometimes tinged with blood, with an odor more or less disagrecable, and sometimes very offensive. The breath of the patient becomes so revoltingly offensive as to isolate him from society, and render him an object of disgust to himself. The discharge frequently drops down the throat, and has to be hawked up to obtain relief—the senses of smell and temporary investment. taste become greatly impaired, and sometimes entirely lost—a distressing headache makes its appearance as the frontal bone sinuses become involved, and neuralgic pain in the face and shoules become involved, and nearenge pain in the mouth and herd associate sinuses become affected. At night sleep is often interrupted, a sensation of dryness in the mouth and throat, thirst and fever-ishness generally being produced. In the mouting a coated tongue and a disagreeable tatte in the mouth are frequent, as also dizziness. Some persons become very the whole property of the country is holden to secure the parfrowsy, more especially during the day, after cating. After time the memory becomes impaired, a restless, nervous feeling accompanying it-seriously affecting a close application to study; in short, a general resileasness of mind. Many are disposed to be costive. If the inflammation extends through the tear-passage to the eye, and inflames that organ, it cause he tears to overflow upon the slightest irritation or exposure, producing what is commonly called "Weeping Eye." extends through the Eustachian tubes to the middle ear, the hearing becomes more or less impaired; if it extends down Funded Debt of the United States on which interest is payable. the throat it gives rise to dyspepsia, bronchitis, and to CON-sumprion. The experience and investigations of the greatest

It also affected my ey sight, taste and voice. Under Dr. Rowe's cure I have be entirely cured of Catarrh, and the above effects arising fo

GEORGE LEVY. REMARKS ON THE CURE OF DEAFNESS AND DIS-

CHARGES FROM THE EAR.

It can safely be said that there is no case of discharges of the ear but what can be entirely and permanently cored; and in most cases where, as is usually the case, deafness accompanies it, the hearing can either be entirely cured or materially im proved. Like all diseases, there are some cases of dealness that cannot even be benefited; but in the majority of case

thecked, it will be thrown in the system, and will make its appearance somewhere else in a more agaravated form. A appearance somewhere else in a more aggravated form. A directly contrary effect I have always found in cases that I have treated, the health of the patient being much more robbin after the discharge has been checked. I am yet to see a case where it has impaired the health of the patient by being stopped. Let any one disposed to think any injurious effects can arise from its being stopped ask themselves the question. "Is it natural for the ear to discharze!" No, neriabily not. Then can it be beneficial to have as offcusive discharge, rendering you disgusting to every one with whom you are brought in contact, constantly running from your cars, or can it be injurious to check it.

rious to check it!

CAUTION TO PARENTS.—Parents are apt to think that their children will outgrow discharges from their ears or Catarchal affections. Never were they laboring under a greater mistake. How many instances are there where they have outgrown it must be acknowledged that there have been cases, but they are the exception to the rule, and very few and very far between—not one in a insurance. In many cases where they have here allowed to continue unchecked, the membrana tyungani or drumbeed has become perforated and the drum injured, thus preclading all possibility of restoring the hearing. Is any parent willing to run such a risk!

In Catarra, the disease grows with the child, and either terminates in Consumption or Deafters. These two diseases in children cannot be checked too coon.

in children cannot be checked too soch.

CASES OF DEAFMESS AND DISCHARGES FROM
Beside the names given here, many others (residents of this
city) can be had on application.

From Caleb Sager, esq., of Trenton, N. J.
This is to certify that my daughter, having been affilted for
eighteen years with deofuses and discharges from both ears,
caused from scarlet fever when two years old, it placed her
under the care of Dr. Rowe. Now her hearing is restored;
she hears quite distinctly, and the discharges from both ears
are entirely stopped. From my intercourse with Dr. Rowe,
feel justified in recommending him as a gentleman well versed
in the discases he makes a specialty of.

CALEB SAGER,

74 MONTGOMERY ST., TRENTON, N. J., Oct. 6, 1903. No. 74 MONTGORRRY ST., TRENTON, N. J., Oct. 6, 1882.

This is is to certify that I placed my damplete under the care of Dr. Rowe for dealness and discharges from both ears, they discharging much, and at times blood—caused from scarlet fever. Previous to this she had been under the care of a great many physicians, some of them the most erdness physicians in Philadelphia, without any boundin being derived. Now the discharges are entirely stopped, and her hearing so much improved that she can hear conversation in a low tone of voice. For the benefit she has derived, I feel great pleasure in recommending Dr. Rowe to others similarly shifted.

RICHARD BAMPOND.

TRUNTON, N. J., Nov 13, 1882.

This is to certify that Dr. Rowe has entirely cared my son of deafness and discharges from his left ear.

At the present rate of premium on gold they pay

temporary investment.

It is believed that no securities offer so great inducements to lenders as the various descriptions of U.S. Bonds. In all

ment of both principal and interest in coin. These Bonds may be subscribed for in sums from \$50 up to any magnitude, on the same terms, and are thus made equality available to the smallest lender and the largest capitalist. They can be converted into mouey at any moment, and the holder If it will have the benefit of the interest.

in gold, on the 3d day of March, 1964, was \$763,965,060. The avans in medical science have established the fact that in interest on this debt for the coming fiscal year will be \$45. ally two-thirds of the cases of consumption it commenced by 337,126, while the customs revenue in gold for the current ascal year, ending June 30, 1864, has been so far at the rate of over \$100,000,000 per annum.

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from costoms on the same amount of importations to \$150,000,000 per annum. Instructions to the National Banks acting as loan agents were not issued until March 28, but the amount of Bonds reported

\$44,606,100.

Subscriptions will be received by the TREASURER OF THE INITED STATES at Washington, and the Assistant TREAL URRES at New York, Boston and Philadelphia, and by the FIRST NATIONAL BANK OF NEW-YORK, No. 4 Wall-st.
